

THE GLOBE-REPUBLICAN.

The FORD CO. GLOBE, Established 1877.
The FORD CO. REPUBLICAN, " 1889. Consolidated, 1889.

DODGE CITY, KANSAS, THURSDAY, JUNE 21, 1900.

TWENTY-FOURTH YEAR. VOL. XXIII, NO. 37.

PROGRAM ON THE FOURTH.

- 11 a. m. Parade.
12 m. Basket dinner at Park. Seats and tables will be provided and the citizens with their families are requested to take their dinners to the Park.
1 p. m. Patriotic address by Capt. Clad Hamilton, of Topeka.
2 p. m. Juvenile sports.
3 p. m. Broncho race.
3:30 p. m. Broncho busting.
4 p. m. Baseball game. Dodge City vs. Garden City.
9 p. m. Fireworks.
The following is a list of games and prizes.
Wheelbarrow race, 50 yards, first prize \$1, second prize 50 cents.
Sack race, 25 yards, first prize \$1, second prize 75 cents, third prize 50 cents.
Obstacle race, 100 yards, first prize \$1.50, second prize \$1, third prize 50 cents.
Three-legged race 50 yards, first prize \$1.50, second prize \$1, third prize 25 cents.
Foot race, limited to boys of fourteen years of age and under, 50 yards, first prize \$1, second prize 50 cents.
Bicycle race, quarter mile, first prize \$3.50, second prize \$1.50.
Bicycle race, half mile, first prize \$3.50, second prize \$1.50.
Bicycle race, mile handicap, first prize \$5, second prize \$3.50, third prize \$1.75.
Slow donkey race, 150 yards, first prize \$2, second prize \$1.
Broncho race, quarter mile, \$2 entrance fee, \$10 purse added by the association; first prize 60 per cent, second prize 40 per cent.
Broncho busting, \$1 entrance fee, \$15 purse added by the association; first prize 60 per cent, second prize 40 per cent.
There will also be a steer-roping contest.
Baseball prize \$35.
Bicycle race between Lillard Sanders and Bob Lawrence, three times round ring.
These sports and games will be conducted in the Park and on the Race Course.
A dancing pavilion will be erected, and music will be furnished throughout the afternoon.
There will be a Grand Ball at McCarty's Rink after the fireworks.

- PROGRAM OF PARADE.
C. M. Beeson, Marshal.
Aids: Jerry Shaw, Frank Chapman.
1. Mayor with orator and guests.
2. Grand Army.
3. Band in uniform.
4. Bicycle tournament, H. Carey, guide.
5. Floats (representing business).
6. Decorated carriages.
7. Fire department.
8. Societies and Civic Orders.
9. Baseball clubs.
10. "Phoenix" Band.
11. Citizens of Ford county, in vehicles.
12. Citizens of Ford county on horseback.
13. Calathumpians.
Prize for best decorated carriage, \$3.
Prize for best made up calathumpian, \$2.
Prize for best decorated bicycle in parade, 1900 Solar Lamp, by Novelty Cycle Works.
Prize for second best decorated bicycle, Veeder Cyclometer, by P. H. Young.
PRIZES GUARANTEED.
Everybody invited to help make this the best parade ever shown in Dodge City. Don't wait for an invitation.
LINE OF MARCH.
Form on Ball grounds at east end of Chestnut-st. Move north on Military avenue and Walnut-st to Third avenue, thence south to Chestnut-st, thence east to Railroad avenue, thence south to Front-st, west on Front-st to Bridge-st, and south to Park for dinner.
Committee—W. S. Amos, J. B. Martin, L. J. Pettyjohn, R. M. Rath, Henry Carey.

Fatal mistakes are made by those who do not heed the earlier symptoms of kidney or bladder trouble that often end in Bright's disease or diabetes. When Foley's Kidney Cure makes the kidneys well, how foolish it is to delay. W. S. Amos.

McKINLEY AND ROOSEVELT.

No nomination was made for President yesterday in the Republican Convention. The platform was adopted. It reaffirms the gold standard and declares against the free coinage of silver. It endorses the administration of President McKinley and acts of present Congress, and declares in favor of pension of widows and orphans of soldiers of the Spanish war.

The National Republican convention met this morning. Convention called to order by Chairman Lodge. Archbishop Ryan made opening prayer. Senator Foraker nominated Wm. McKinley for President amid tumultuous applause.

McKinley was nominated by acclamation.

Roosevelt was nominated without dissenting vote. Convention adjourned at 2:15.

The Fourth of July.

The preparations for the Fourth of July celebration in this city are the grandest ever made here and the attendance will be better than last year. There will be no celebration in this part of the state elsewhere, except at Spearville, but the cities of Dodge City and Spearville will be abundantly able to take care of the crowds on the national holiday. A general invitation is given to the people of this county and neighboring counties to come and enjoy the celebration in this city.

The Camp Meeting.

At the District Conference of the M. E. church, held at Syracuse last week, arrangements were made for holding a Camp Meeting in the Dodge City park commencing August 30th and ending September 9th. It will be a big meeting because all the preachers in the district will be interested. An old fashioned camp meeting will be held. The Colorado conference will adjourn about that time, and it is expected that Bishop Fowler will be present. A large number of tents will be needed.

Some Big Wheat Fields.

Wm. Rickman has 400 acres of wheat and he estimates the lowest yield at 25 bushels to the acre, making a total of 10,000 bushels. Tip Shaia will have about 6,000 bushels. Jacob Vance about 10,000 bushels; Nic Mayrath about 7,000 bushels; J. D. Brown about 6,000 bushels, Geo M. Hoover about 4,000 bushels. Of course this is only an estimate of a few wheat growers, of the probable 600,000 bushels that will be harvested in the county, at the low estimate of 25 bushels to the acre.

Caught in a "Running Switch"—Two Horses Killed.

At about 11 o'clock Monday night, a team of horses being driven by Tom Bell, attempted to cross the railroad crossing on First avenue, while the switch engine was making a "running switch," when a car struck the horses and killed them outright, and the wagon was torn up. The wheels of the car ran over the horses twice. The driver escaped without serious injury. The wagon was loaded with well tubing. The team belonged to W. J. Fitzgerald, and Mr. Bell was driving it to Mr. Fitzgerald's ranch on the south side of the river. The team was a fine span of roan horses and were highly valued. Tuesday morning the wreck was viewed by a number of people, and surprise was expressed that the driver made such a narrow escape. There was a lot of dynamite in the wagon which was thrown out, but no damage resulted.

Water and Light.

The vexed question between the city and the Water and Light Company was settled at a meeting of the City Council last Thursday. The contract, which is binding by ordinance, is as follows:

The water company will supply the city with water for fire protection and furnish the city six arc lights for the business portion of the city and 40 incandescent lights for the residential portion of the city. The city to pay the company the sum of \$165 per month for a period of five years. This is on the midnight schedule every night. The water company to dismiss the suits now pending against the city at the cost of the water company, and the city to dismiss its suits against the water company and pay the court costs. The water company to accept the sum of \$100 per month for hydrant rental for the past two years, since the suits in court have been pending.

The first arc light was put up on Friday night. The city has made a good contract, in comparison with other contracts in the State, and it is better for all parties concerned that the disputes were settled amicably. The stopping of litigation will render a better feeling, and the service will be more desirable.

Samuel Burrell was showing a small bug, said to be a chinch bug, Saturday, which was cutting down some of his wheat stalks, in one of his wheat fields. The insect was tiny, but observed through a magnifying glass, had the appearance of being a disastrous bug, and capable of doing much damage. Its plan of operation is to cut the stalk near the ground, when the stalk falls over. It is not believed that this insect can do much damage before the harvest is over.

An enemy to the potato bug has been discovered. This parasite is a small fly or bug, of a bluish green color, about three-quarters of an inch long. It devours the eggs and young of the potato bug before they have time to do damage. A. Pendarvis and J. W. Courtney, of Concord township, who gave us this information, say their potato vines are free of the beetle. No bugs have hatched out on them this year. The parasite has been working for two or three years. These farmers expect a fine crop of potatoes this year.

The wedding of Arvin Falknor and Miss Ettie M. Pettillon occurred yesterday at the home of the bride's parents, Mr. and Mrs. W. F. Pettillon. Only relatives of the family were present, and the wedding was a private affair. The GLOBE-REPUBLICAN congratulates the young people on this venture, and trusts that the married life will be one of sublimity. The young people have a comfortable house in which they will make a happy home. May prosperity and pleasure go with them and may all things go as merrily as a marriage bell. Rev. Wm. Westwood performed the marriage ceremony.

In the readjustment of postmasters' salaries, the salary of Postmaster Arment has been increased from \$1,500 to \$1,600 a year. Garden City has an increase from \$1,600 to \$1,700. The Dodge City postoffice has three times the mail business that Garden City has. This office does three times more money or other business than Garden City. In the number of registered letters for the year Garden City has issued 147 and Dodge City 630. There are more postoffices in Ford county than in Finney county, and consequently the postoffice receipts are more locally distributed in this county. There are few salaries decreased in Kansas. A large number are increased.

What a small patch of ground may do is shown by what Frank Ridenour, florist, has done at the Soldiers' Home. On less than the eighth part of an acre, say a piece of ground 27x12 feet, this year he raised 200 quarts, or nine bushels of strawberries. At ten cents a quart, ordinary market price, his product would amount to \$29.00. An acre of ground, at this rate, would produce more than 720 bushels or about 23,200 quarts, and at ten cents a quart would be \$2,320.00. What one man can do on an acre is not what all men can do, but all men at the Home could be producers to some extent. There is plenty of ground and the experiment is worth trying. A market can be found for the product.

Ford county has nearly 24,000 acres in wheat. This is not a large acreage, but it is a big thing for the county. The product of 24,000 acres of wheat, with the present prospect of yield and prices, will add something to the prosperity of the county. The wheat yield is estimated at an average of 25 bushels to the acre. This would make 600,000 bushels, and at 50 cents a bushel would bring \$300,000. The crop is pretty sure and harvesting has begun. There is no immediate danger to the crop. Just think of \$300,000 distributed among the people in Ford county! It is \$60 a head to every man, woman and child in the county. This is a per capita that will send a cold chill to the calamity shriekers. Lively times are expected this fall. The wheat, corn, cattle and other products, will enable Ford county farmers to even up with something in store.

J. B. Lampe, of Wheatland township, was married on Tuesday, to Miss Schmier, daughter of Carl Schmier, of same township. Beeson's orchestra was present and played some fine music. There was a gala time, and these events are always carried on in fine style in the settlement. A number of presents were given by Dodge City people, who know Ben very well. The bride and groom are of the old timers and best families in the settlement. Mr. Lampe has a fine farm, on which is built a substantial two-story house, and the bride and groom commence life with good prospects. It is such people who are bringing our country to the front. Mr. Lampe formerly worked in the round house in this city and he has many friends and acquaintances here who wish him joy and prosperity in his new state. Ben stands 6 feet, 2 inches, and his friends suggest that his is a wedding in high life.

Will pay you to call and see our stock of harness. SIMS & SIMS.

A. H. Guerin, better known as "Sandy," died in this city Monday morning of heart disease, at the home of S. Stofor, formerly a neighbor of the deceased, in the southwest part of Ford township, where they settled in the year 1884. The deceased lived in Ford township and leaves a wife and child. He was engaged in raising cattle. About two weeks before his death Mr. Guerin went to Colorado Springs for his health, but the mountain climate was not beneficial to him and he returned here Saturday. The deceased was 42 years of age. Undertaker Hulpieu embalmed the body and it was sent to Bucklin for burial Monday afternoon. A. W. Guerin, brother, and the wife of the deceased, and Misses Anna and Lizzie Stofor, of this city, accompanied the remains. The brother and wife of the deceased desire to express their thanks to the people of this city who were so kind to them during the illness and death of deceased. A number of the Order of Odd Fellows escorted the body to the depot.

Dodge City Teachers.

An examination will be held during the last week in August. The questions will embrace the following topics:

1. History of the American Public School System, including the life and work of Horace Mann.
2. The kindergarten idea and the history of the kindergarten in the United States.
3. The child—its legal, moral and social rights. The stages of its mental growth. The method adapted to the phase of mental development.
4. The health of the child as affected by the school room life. Ventilation of the school room. Sitting in the draught. Wet clothing and cold feet. How to detect the ill health of the child. Keeping in "at recess. Privilege of leaving the room. Proper form of punishment.
5. Each teacher will prepare to discuss the best "up-to-date" method of teaching each branch in the grade where that teacher is to work.
6. School economy. Care of school room and supplies. Time lost by tardiness and irregular attendance. Time lost by improper methods of instruction. Time gained by proper methods and thorough discipline. Time gained by thoroughness.
7. The health of the teacher. How to preserve it.

A fatal policy is to neglect a backache or other sign of kidney trouble. Foley's Kidney Cure is a sure remedy for Bright's disease, diabetes, and gravel. W. S. Amos.

Rules of Board of Health Valid.

The Appellate Court, at Fort Scott, on June 13, refused to grant a writ of mandamus, applied for by Rev. S. B. Osborn, to compel the Board of Education of Dodge City to admit his child to the public schools without complying with the order regarding vaccination. This case was filed in the court setting at Garden City in February last, and was argued at the time. F. J. Oyster represented Mr. Osborn and Reeves & Kirkpatrick the Board of Education.

A similar case was decided by the supreme court of Utah in April last. Among other things in the syllabus of the supreme court of Utah, it says: "Where it is admitted that an emergency existed, and that the contagious and infectious disease of smallpox was prevalent, and vaccination is admitted by the pleadings to be the only safe preventive recognized and approved by medical science throughout the civilized world, a rule of the board of health and the board of education, excluding all unvaccinated pupils, who are liable to carry smallpox into the schools, from attending the public schools during the prevalence of the disease, is not only a reasonable regulation in aid of the public health, and justified."

"Where no attempt was made on the part of the board of health to compel vaccination, but during the emergency an option was given the pupil, who was liable to convey the disease into the schools, to be vaccinated or remain away from the schools until the danger from smallpox was past, the order is justified under the police power inherent in the State. This holding, however, must not be construed as empowering the board to require compulsory vaccination without the consent of the patient."

"Although the constitution of the State is silent on the subject of controlling contagious diseases, no one person has the legal right to infect another with smallpox, and the statute cannot be construed as conferring that right upon any person or class of people."

This looks reasonable and the court decided justly. Reeves & Kirkpatrick are congratulated for the manner in which they presented their side of the case.

Mrs. E. W. Early, Marion, Ind., who has been ill for years, writes, "I was tired, could not sleep or eat, and was rapidly going into decline. Doctor called it blood disorder, but could not cure me. I am now in perfect health and give all the credit to Beggs' Blood Purifier. W. F. Fine.

True Economy

The difference of cost between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cost many times this in doctors' bills.

Royal Baking Powder may cost a little more per can, but it insures perfect, wholesome food. In fact, it is more economical in the end, because it goes further in leavening and never spoils the food.

Royal Baking Powder used always in making the biscuit and cake saves both health and money.

You cannot, if you value good health, afford to use cheap, low-grade, alum baking powders. They are apt to spoil the food; they do endanger the health. All physicians will tell you that alum in food is poisonous.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

FORD ITEMS.

From Our Regular Correspondent.
Harvest has begun. A number have already commenced. The Melia boys commenced on their 400-acre harvest Wednesday.

The Woodmen were highly pleased with the big turnout at their ice cream social, but are undecided whether it was the attraction for the Woodmen, ice cream or for each other that drew such a crowd, gave them such a good time and kept them so late in social revelry.

The M. E. church had pleasant "Children's Day" exercises last Sunday with good choir music. Mr. James Smith and wife, rendered a pleasant duet; the latter was the organist and had charge of the music and is gifted with fine, clear voice, to which she has not failed to add culture that makes it pleasing to the audience. James, too, is a good singer, and we hope to hear them often.

The Congregational Sunday School had their exercises in the evening, but not being present, can only speak of the general approval of the merits of those who took part and for those who assisted in the preparations, both in preparing the children and in the floral decorations. The threatening storm kept a good many away. We were among these unfortunate.

Mrs. J. D. Sweeney and son, Archie, returned to Hutchinson Saturday and T. P. now reflects a visage of dejected bachelorhood and maternal forsakenness.

Dr. Crumline was called to Ford Tuesday to see Mr. Elland's child which is very sick.

Mrs. Reynolds has purchased Miss Geddis' interest in the millinery store.

Walter Meader and wife were down from Dodge City Sunday to attend Children's day exercises and visit friends.

J. M. Imel and wife started on a visit to Oklahoma friends Wednesday.

OBITUARY OF ALEXANDER H. GUERIN.

The funeral services of A. H. Guerin, at Bucklin, Tuesday, 10 a. m., was one of the largest in attendance ever held at that place, perhaps the largest. Rev. W. H. Patterson conducted the services, assisted by the choir, consisting of Misses Eva Coons, Ada and Una Cook, Mrs. Ellis, Mrs. Bloss, and Messrs. Fisher, Bloss, Boedecker and Dave Dellinger. The opening song, "The Beckoning Hand", was followed by prayer by Rev. Patterson, after which "Coming To-day" was rendered very impressively. The speaker then read a selection from the first part of the 119th Psalm and selected his text from Job XIV-14, "If a man die shall he live again?" The sermon was impressive with clear Bible instruction to the living, as the speaker said his remarks would be to the living, as the human voice could not reach the dead. He spoke of the excellent qualities of the deceased while living as a citizen, friend, neighbor, husband and father, and every heart who knew him as such could echo the response. The speaker spoke of the richness of hope in the Word of God for

all people, the creatures of God's love and it was that hope that gave him the trust that he would meet the one so sadly mourned, now whose soul had departed, in the home in Heaven. The leading spirit of the remarks was for the living to seek the Kingdom of Heaven and enter into its fullness of blessing by seeking salvation while the spirit and the body can enjoy the blessings of God on earth.

While the choir sang "Thou shalt rest at eve", the large assemblage of people and sympathizing friends passed through the hall and looked for the last time upon the lifeless form of A. H. Guerin, and a procession of nearly 60 carriages and vehicles of friends followed the remains to the cemetery.

The deceased was born in Macon Co., Ill., September 5, 1857 and died at 2 p. m., June 18, 1900, at the house of a friend, Sylvester Stofor, in Dodge City. He started to Colorado, May 15, in company with his brother, A. W. (Roxey), in hopes of regaining his health, but only got as far as Pueblo when his serious illness compelled him to remain among friends there. On June 9th his wife with baby started to Pueblo, fearing the worst. After remaining there a number of days, brother and wife decided to bring the rapidly sinking one home, but only got as far as Dodge City on Saturday, and Sunday night his spirit departed to a realm beyond the grave, and the sad wife was left husbandless and baby homeless, fatherless. His remains were brought to Bucklin on the Rock Island train, Monday, and was taken care of by his brothers under the Odd Fellows' fraternity until laid beneath the sod.

The deceased was a worthy citizen, kind neighbor, loving father and devoted husband, respected by all his acquaintances. He was one whose deeds, not words bespoke his goodness, and the last words spoken were, "The Lord is taking me home, God bless my friends, my neighbors, my dear wife and child."

Kranse's Little Liver Pills, through their action on the liver and bowels, have met with decided success, in quickly relieving the various forms of constipation and biliousness. Sold by W. F. Fine.

ADVERTISED LETTER LIST
The following letters remain unclaimed for week ending June 21, 1900.
One cent will be charged for advertised letter delivered.

Arn. Bertha; Davon, Mrs. Anna; Shipman, Luther; Ward, Mrs. O.
J. A. ARMENT, Postmaster.

FO SALE—A quarter section of land on Duck creek—creek runs through the land; stone house; all wire fenced. Inquire of A. HANNA.

A Card of Thanks.
I wish to say that I feel under lasting obligations for what Chamberlain's Cough Remedy has done for our family. We have used it in so many cases of coughs, lung troubles and whooping cough, and it has given the most perfect satisfaction, we feel greatly indebted to the manufacturers of this remedy and wish them to please accept our hearty thanks.—Respectfully, Mrs. S. Doty, Des Moines, Iowa. For sale by W. S. Amos.
